Event Descriptions

i-Spy Trail

Haunted trails, spooky surprises, and the Creepy Crawlies Animal Room turn the Nature Museum into a Halloween hot spot the last weekend of October.

Meadows & Trails 5k

Runners experience majestic scenery and gorgeous autumn color as they run or walk along clearly marked meadow and woodland trails.

Hike-a-Thon

Held on Earth Day, this event combines hiking, education, and nature play to encourage stewardship practices in children and families.

Maple Sugar Tours

Early March brings hundreds of visitors to the Nature Museum to learn about the history of maple sugaring in New York State.

Champagne Brunch

Prominent members of the Hudson Valley society, "Green Business" leaders, and friends of the Nature Museum gather to honor outstanding stewards of the environment in the Hudson Valley.
